

Some Shenandoah Churches Suspend Worship

Dear Shenandoah Presbytery:

We are now aware that 1 confirmed case of COVID-19 has been found in Harrisonburg. **Three churches (as of this email) in our Presbytery have chosen, for the time being, to suspend worship.** We continue to support Sessions, pastors and congregations as they discern what is best for their congregations, and as individuals choose what is best for their own well-being. Rely on the best guidance from the CDC and local health departments.

Care for each other. Look after those who are unable to attend worship, whether by phone, by cards or emails, if possible.

**Trust in the Lord!
And wash your hands.**

Please share with the Presbytery if you choose to suspend worship.
